## Summary

J.P. Morgan Software Engineering Virtual Experience on Forage - February 2024

- Set up a local dev environment by downloading the necessary files, tools and dependencies.
- Fixed broken files in the repository to make web application output correctly.
- Used JPMorgan Chase's open source library called Perspective to generate a live graph that displays a data feed in a clear and visually appealing way for traders to monitor.

Tata Cybersecurity Security Analyst Job Simulation on Forage - February 2024

- Completed a job simulation involving identity and access management (IAM) for Tata Consultancy Services, collaborating with a Cybersecurity Consulting team.
- Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives.
- Delivered comprehensive documentation and presentation

Cognizant Artificial Intelligence Job Simulation on Forage - February 2024

- Completed a job simulation focused on AI for Cognizant's Data Science team.
- Conducted exploratory data analysis using Python and Google Colab for one of Cognizant's technology-led clients, Gala Groceries.
- Prepare a Python module that contains code to train a model and output the performance metrics for the Machine Learning engineering team.
- Communicated findings and analysis in the form of a PowerPoint slide to present the results back to the business.

Accenture North America Coding: Development & Advanced Engineering Job Simulation - February 2024

- Completed a job simulation where I supported a client with a small development team overwhelmed by the growth of their code base.
- Wrote a class to perform search on an interactive website in Java using the Spring Boot framework.
- Set up automated builds using Jenkins to validate code changes on every push.
- Managed the team's workload by preparing for a sprint and writing user stories in an Agile planning session.

## Experience

### Project Manager

Marsstrong International

Jan 2022 - Present (2 years 2 months)

- Proven track record of exceeding expectations at Marsstrong International since January 2022.
- Spearheaded complex projects from conception to execution, consistently delivering results on time and within budget.
- Skilled in managing cross-functional teams and mitigating risks to ensure project success.

- Demonstrated ability to drive continuous improvement by implementing streamlined processes.
- Passionate about fostering a collaborative work environment and seeking new opportunities to make a significant impact in the Services and Consultancy industry.

## Education

### **Siddhant College Of Engineering**

Engineer's degree, Computer Engineering

Jan 2021 - Jun 2025

## Licenses & Certifications

### **Tata Consultancy Services - Cybersecurity Analyst Job Simulation - Forage**

usfze4ETjAdsdBz8S

### **HTML Certification Test - Youtube Course - KG Coding by Prashant Sir**

NVJZKYE7

### **CSS Certification Test - Youtube Course - KG Coding by Prashant Sir**

LM7S41GM

### **J.P. Morgan - Software Engineering Job Simulation - Forage**
